Skills

-
- **Languages:** Java, Python
 - **Database technologies:** MySQL
 - **Software Testing:** Mannual Testing , Regression Testing, Integration Testing , Smoke and Sanity Testing ,System Testing ,Test Case Design, Defect Tracking , Blackbox Testing , SDLC Models
 - **Tools:** Git/GitHub ,SQL Server Management Studio (SSMS), VS Code

Projects

E-COMMERCE WEBSITE | *Manual Testing*

Feb. 2024

- Developed comprehensive test cases, scenarios, and usage cases for a travel website.
- Conducted manual testing to verify the functionality, usability, and serviceability of the website.
- Reported defects and collaborated with the development team to ensure timely resolutions.
- Gained experience in test case design and execution.

CAR RENTAL APPLICATION | *java,OOPs*

Nov. 2023

- Demonstrated mastery of OOP concepts like encapsulation, inheritance, polymorphism etc. through building a robust car rental system in Java, showcasing adeptness in designing and implementing complex software solutions.
- Proven experience in end-to-end software development, covering requirements analysis, design, implementation, and testing, evident from creating a fully functional car rental system. This highlights the ability to translate conceptual ideas into practical software solutions tailored to meet specific business requirements.

OrangeHRM Website | *Manual Testing*

May.2024

- Developed and executed automated test scripts for OrangeHRM, an open-source human resource management system.
- Documented test plans, test cases, and test results, providing comprehensive test coverage reports to stakeholders.
- Successfully reduced manual testing efforts by 70%, enhanced test coverage, and improved the overall quality of the OrangeHRM application.

Education

-
- **Master's of Computer Applications |CPI 8.5**
GLA University MATHURA (U.P)

2025

- **Bachelor's of Computer Applications |CPI 8.2**
Bundelkhand University JHANSI (U.P)

2023

ACHIEVEMENTS

-
- Attended workshop on “Intellectual Property Rights”.
 - Completed comprehensive software testing training at “QSpiders”, gaining hands-on experience in manual and testing tools, and Agile methodologies.
